

I listen to K-Love all the time. In my home, car, and at my office. The music uplifts me on a daily basis and helps me with my stressful days. The community I live in backs and listens to the K-love station. The church I attend is very strong listeners and many support the station through money contributions. K-love is a very positive station that has changed many lives and helps people to get through rough situations and everyday stressors. There are many people in the community that listen to K-Love and no other stations including myself. I don't know what I would do if it was taken off the air. Please keep K-love on the air.
